Description	PU	Product No.	E-No. / USA-No.
Connection Module Cat. 6 _A , 1xRJ45/s, 10x	10 Stk.	R509504	966733885

The R&M Freenet Cat. 6A shielded connection modules, part of the Advanced cabling system, are ideal for voice, fast data transmissions and high bandwidth applications. This high-performance Cat. 6A module is perfect for use in 10 Gigabit Ethernet (10GBASE-T) and future high-speed applications to 500 MHz.

Scope of Supply

- RJ45 Cat. 6A ISO connection module, shielded
- Mounting plate
- EMC cover
- Dust cover
- Cable tie
- Installation instructions
